

Hopewell events COVID-19 updates - May 15, 2020

Borough parks are **open** for passive recreation only. Playgrounds and basketball courts remain closed.

- Groups and gatherings are limited to 10 persons or less.
- Strict social distancing measures are required.
- Face masks should be worn when out in public.

All Borough and Borough-sponsored recreation events are cancelled or postponed, at least through June 30, 2020. We will announce the status of additional summer events in the coming weeks based on the progression of the COVID-19 virus and guidance from State and health officials.

There will be NO town-wide yard sale in June. We WILL still offer the annual post-yard sale bulk pickup on Tuesday, June 16th. Please see the Public Works page (at the bottom) for more information regarding bulk pickup.

We are **not** accepting reservations for the Hopewell Railroad Station community room at this time. This facility is currently closed to the public. Please watch this page for future announcements. We will develop and revise procedures that are consistent with the COVID-19 response to permit social gatherings at an appropriate time using guidance from State and local health officials.
