

Hopewell Borough Recreation events
COVID-19 updates – June 10, 2020

Borough parks are **open** for passive recreation only. Playgrounds and basketball courts remain closed.

- Strict social distancing measures are required.
- Face masks should be worn when out in public.

All Borough and Borough-sponsored recreation events are cancelled or postponed, at least through July 31, 2020. We anticipate resuming events as soon as August 1 based on the progression of the COVID-19 virus and guidance from State and health officials.

We are **not** accepting reservations for the Hopewell Railroad Station community room at this time. This facility is currently closed to the public. Please watch this page for future announcements. We will develop and revise procedures that are consistent with the COVID-19 response to permit social gatherings at an appropriate time using guidance from State and local health officials.
