Message from the Mayor

During this very trying and unprecedented time as we all struggle with the challenges and health impacts of COVID-19, I want to thank each and every resident for proving what we've always known about Hopewell Borough – that we are one community, that we are neighbors first and foremost, and that our spirit can never be broken. There is a long road ahead but you've already shown that courage, resolve and fellowship are among our greatest attributes.

Please continue to support our excellent restaurant community during this crisis, whether by ordering take-out for now or gift certificates for later. They are in the eye of the storm of this crisis. They are always there for us and they support our community in so many ways. It's our time to help them, to put them on our shoulders and carry them down this extraordinary and difficult road.

Thank you for your cooperation as Borough services are provided in a modified fashion. Borough Hall is closed to the public and meetings are cancelled for now but we are still here to serve you. Please call 609-466-2636 with questions and requests, and please visit our website for additional information, particularly with up-to-date information on COVID-19.

There are numerous volunteer efforts underway to help those in need and more are being developed by the day. We will post information for local opportunities as they are announced and please feel welcome to share efforts you are doing with us so we can share them too.

The infirm and elderly are at heightened risk of the virus. Please continue to check on your neighbors and see if they need any items, particularly food. This is a lonely time for those alone and those that are self-quarantined or unable to socialize, even at a safe distance. That call or delivery of a needed item will mean everything to someone that is struggling without companionship or essential items.

Thank you for always being the best of Hopewell. Stay safe and be well.

Mayor Paul Anzano
